PAN AM® | MALIBU SHIRTS™ AUTHENTIC VINTAGE APPAREL

AVIATION

WHOLESALE CATALOG

Malibu Shirts is proud to offer our authentic Aloha Airlines, American Airlines, Beechcraft, Bell Helicopter, Cessna, Chance Vought Aircraft, Eastern Air, Hawaiian Airlines, Lockheed, Northwest Airlines, Pan Am, TWA, and Western Airlines apparel to retailers.

If you are not already familiar with Malibu Shirts, we have been creating incredible vintage inspired products since 2003. Customers from around the world have visited our museum style retail locations and now, the same great apparel we offer in our stores is available for wholesale. Malibu Shirts aviation collection features legendary designs from American Aviation companies and our nation's adventurous spirit fueled by air travel. Encompassing the unique and exhilarating world of flying and discovering new places, our designs honor the fascinating history of aviation.

These officially trademarked designs are showcased on our incredibly soft, 100% cotton, garment dyed tees and sweatshirts for a truly vintage look. We use advanced, environmentally conscious, printing techniques to make our shirts the ultimate in style, comfort, and sustainability. As we greatly value the history and stories behind our designs, all of our apparel comes with a history hangtag giving information on the cultural and historical significance of the art. In addition to our classic line of men's and women's apparel, we also offer hats, tote bags, metal signs and stickers.

We invite you to look through the enclosed wholesale catalog to see how Malibu Shirts can become your customer's favorite product line.

Thank you and please don't hesitate to contact us for additional information or to place your order.

MALIBU SHIRTS™
AUTHENTIC VINTAGE APPAREL

Pan American Airways™

Starting in 1927 with a vision, some single engine aircraft and a few trans-oceanic routes, Pan Am's emphasis on image and branding created the "jet-setter" lifestyle. On April 17, 1935, the S-42 Pioneer Clipper skimmed to the first ever landing in Hawaiian waters after a flight from Alameda, California that lasted 17 hours and 44 minutes. Offering luxury to both domestic and international travelers, Pan Am has left behind a legacy of comfort and sophistication that still resonates today.
